Dear Mr.Walker,

As I was surfing the web for job ads recently,I wanted to find a position that would both challenge me as an individual,as well as place me in a job where I will be doing something that I enjoy. So,when I found your Help Wanted ad for a job at Brookshires,I knew I had found the perfect opportunity that I have been looking for.I would love to be a part of such a well-know and exciting environment which would be both an honor and privilege for me to work at.

Taking bags to cars and shelving goods in the work end of the food industry is something that I have never done before but I would definitely love to.I may only have one year of high school under my belt but I'm sure that I could bring this business a good name with enough training and experience working here.I have never worked anywhere else,this could be my first job,but even though i've never worked any where I know I can bring some good to this wonderful company.I know that 20 years from now ill be able to say with a smile on my face"I worked at Brookshires".And who could resist the chance to work at the wonderful,family friendly Brookshires?

I would like to speak with you about the position and I would love it if I had the chance to show you how much I could help this company.I may not be an adult but I do have memories of my younger times and enjoying the times when my mom took me to Brookshires and I would definitely like to make more.My cell phone number is 903-241-5098 and the best time to reach me would be sometime after 3:32 on weekday afternoons.If I don't respond plase leave a voice mail of when the next time you are open and I will call you.

Thanks in advance,for your consideration, Mr.Walker.

Sincerely,

William Boudreaux
